

Onslaught® **FASTCAP** Spider & Scorpion Insecticide

Multiple Insects. One Powerful Solution.

Quick Kill with Long-Lasting Control

Onslaught® FastCap Spider & Scorpion Insecticide combines esfenvalerate and prallethrin (Group 3A) with piperonyl butoxide (PBO) to deliver fast-acting and long-lasting residual control of a broad spectrum of insects in and around unoccupied livestock facilities.

Features and Benefits

- Kills more than 100 insects, including cockroaches, darkling beetles, flies, spiders and ticks
- Microencapsulated residual insecticide with fast knockdown agent for enhanced control
- Synergized with piperonyl butoxide (PBO) to combat metabolic resistance and increase effectiveness
- Flexible application methods, including indoor and outdoor broadcast use

Packaging

- 8 ounce bottle (12 per case)
- 1 pint bottle (6 per case)
- 1 gallon bottle (2 per case)
- 30-gallon drum

What Does This Data Mean for Your Business?

Onslaught FastCap delivers a fast kill and long-lasting residual control against more than 100 insects. Its microencapsulated formulation gradually releases esfenvalerate over time, with varying capsule sizes designed to optimize control across a broad range of target insects. For enhanced control against darkling beetles, flies and cockroaches Onslaught FastCap can be tank mixed with NyGuard® IGR Concentrate to break the insect growth cycle and reduce emerging insect populations.
