

Tobex[®]
Multi MoA Concentrate

Multi-Active. Multi-Benefit.

Unleash the Power of Multiple Modes of Action

Tobex[®] Multi MoA Concentrate is an all-in-one insecticide (Group 3A and 7C) with controlled release technology for use in and around unoccupied areas of livestock facilities. This highly effective insecticide combines a synergist, insect growth regulator, knockdown agent and long-lasting insecticide for control of house flies, darkling beetles and other listed pests. With Tobex, there is no need to tank mix multiple products – you get multiple modes of action in one bottle.

Features and Benefits

- Kills flies, darkling beetles, mosquitoes and other listed insects
- Labeled for indoor and outdoor use and broadcast applications
- Formulated with NyGuard[®] IGR to control immature and adult insects
- Synergized with piperonyl butoxide (PBO) to combat metabolic resistance and increase effectiveness

Packaging

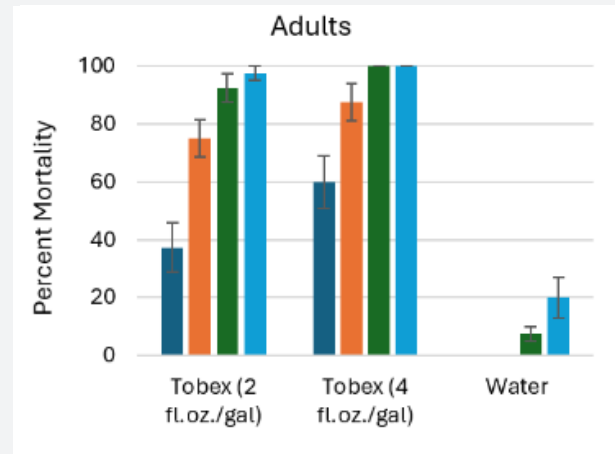

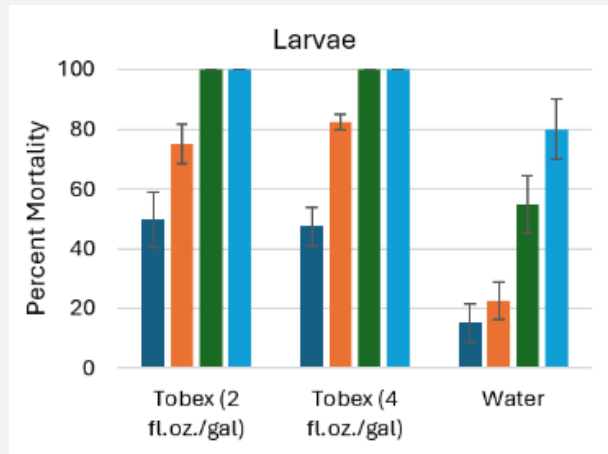

- 1 quart bottle (6 per case)
- 2.5 gallon bottle (2 per case)
- 30 gallon drum
- 275 gallon tote

MGK, internal study. 2021

What Does This Data Mean for Your Business?

Tobex effectively kills both immature and adult darkling beetles. This study compared two rates of Tobex against darkling beetles on porous and nonporous surfaces. Immature and adult beetles were exposed to treated surfaces for 14 days.
