

RIPTIDE®

Waterbased Pyrethrin ULV

Knock Down Flying and Crawling Insects

Broad-Spectrum Control with Flexible Application

Riptide® Waterbased Pyrethrin ULV contains botanically based pyrethrins (Group 3A) synergized with piperonyl butoxide (PBO) to provide knockdown and kill of a variety of flying and crawling insects. Riptide is designed for use in automatic misting systems or manual applications, offering flexibility for control of a broad spectrum of insects in livestock environments.

Features and Benefits

- For use on and over animals and around their facilities
- Kills over 70 listed insects including flies, cockroaches and mosquitoes
- Formulated with a 1:5 pyrethrins to PBO ratio to combat resistance and increase effectiveness
- Formulated for convenient and stable dilution with water

Packaging

- 64 ounce unit (4 per case)
- 55 gallon drum
- 132 x 64 ounce overpack
- 275 gallon tote
