

ONEGUARD®

Multi MoA Concentrate

One Formulation. Multiple Modes of Action.

Combining Adult Control and an Insect Growth Regulator

OneGuard® Multi MoA Concentrate with controlled-release technology combines a knockdown agent, insecticide, synergist, and IGR. This powerful combination saves time while delivering effective knockdown, kill, and control against mosquitoes, fleas, ticks, flies, cockroaches, spiders, scorpions and other flying and crawling pests in one product without the need to tank mix multiple products.

Features and Benefits

- Approved for use both indoors and outdoors*.
- Synergized with Piperonyl Butoxide (PBO) to fight insecticide resistance
- Provide broad-spectrum insect control across multiple environments
- Two modes of action (Groups 3A and 7C) and controlled release technology

Packaging

- 1 quart bottle (6 per case)
- 1 gallon bottle (2 per case)
- 30-gallon drum

60-MINUTE KNOCKDOWN

All Products at Labeled Mosquito Rates (0.06% Lambda-cyhalothrin Dilution)

96-HOUR MORTALITY

All Products at Labeled Mosquito Rates (0.06% Lambda-cyhalothrin Dilution)

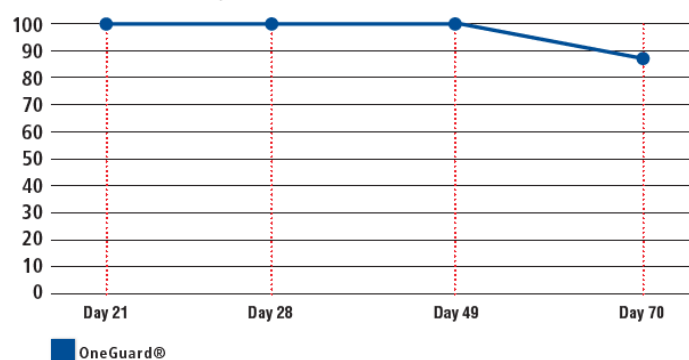

Source:

Laboratory Study, 2016

Laboratory studies conducted at labeled mosquito use rates (0.06% lambda-cyhalothrin dilution) show that OneGuard delivers rapid knockdown within 60 minutes and high mortality at 96 hours across multiple mosquito species, including *Aedes aegypti*, *Anopheles quadrimaculatus*, and *Culex quinquefasciatus*. Compared to other evaluated formulations, OneGuard demonstrated faster initial knockdown and longer residual control when used according to label directions.

24-HOUR MORTALITY AFTER 5 MINUTE EXPOSURE TO TREATED & AGED FOLIAGE

ONEGUARD AT LABELED MOSQUITO RATE 2 OZ./1 GAL. WATER

What Does This Data Mean for Your Business?

This study demonstrates that OneGuard can help support consistent mosquito performance over time when applied at labeled rates. Maintaining measurable mortality on treated foliage over multiple weeks may help reinforce service confidence and support customer expectations between scheduled visits when used according to label directions.

Always read and follow all label instructions. For any medical or safety questions, concerns or incident reports, call 1.888.740.8712.
