

SHOCKWAVE®

FOGGING CONCENTRATE

Flush Them Out. Knock Them Down.

Multi-action control for crawling, flying, and stored product pests.

Shockwave® Fogging Concentrate combines five active ingredients to provide flushing action, quick knockdown, and residual activity in one versatile formulation. With multiple application options, Shockwave Fogging Concentrate provides flexibility for use in a variety of commercial and industrial settings, including food handling, food processing, and food storage areas.

Features and Benefits

- Provides residual activity on listed cockroaches for up to 6 months
- Provides continuous protection against stored product pests for up to 3 months
- Contains NyGuard® IGR to help break the life cycle of listed insects
- Features two synergists, PBO and MGK-264, to support insecticidal activity
- Controls a broad range of listed crawling, flying, and stored product pests

Packaging

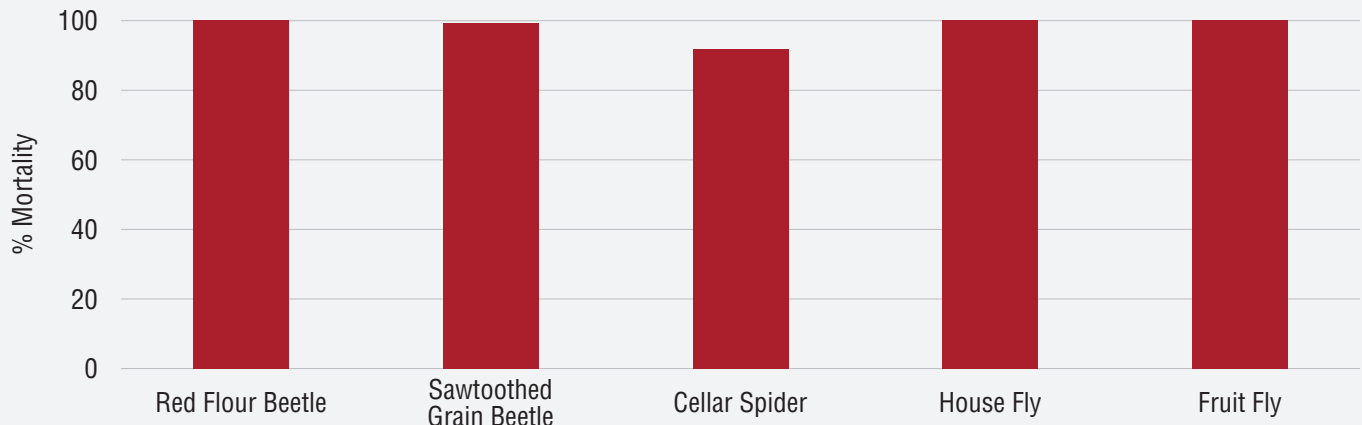

- 1 gallon unit (4 per case)
- 55 gallon drum

Efficacy of Shockwave Fogging Concentrate Against German Cockroaches

Efficacy of Shockwave Fogging Concentrate Two Hours Post Fogging Application at 0.5 oz/1000 cu. ft.

Source: ICR, 2009.

What Does This Data Mean for Your Business?

In this study, Shockwave Fogging Concentrate demonstrated quick knockdown across a variety of pests, including German cockroaches, stored product pests, spiders, and flies. Its combination of five active ingredients provides a versatile option for managing challenging pest situations. With one product labeled for a broad range of pests, Shockwave Fogging Concentrate addresses multiple pest types while helping simplify product selection and what is needed to carry from account to account.
