

RIPTIDE®

Waterbased Pyrethrin ULV

Broad-Spectrum Control Made for Misting

Water-based pyrethrin concentrate for fast knockdown across a wide range of listed pests.

Riptide® water-based pyrethrin ULV is a versatile concentrate designed for automatic misting systems and ULV applications. Labeled for use across a wide range of indoor and outdoor areas, including residential homes*, commercial buildings, food and non-food areas, Riptide provides application flexibility for mosquitoes, flies, and other listed pests.

Features and Benefits

- 1:5 ratio of pyrethrins (Group 3A) to PBO
- Kills mosquitoes, including those that may transmit West Nile and Zika viruses
- Formulated for convenient, stable dilution with water
- Controls 70+ listed pests, including biting flies, gnats, mosquitoes, and spiders
- Labeled for use in automatic ULV spraying systems

Efficacy of Riptide Against House Flies When Applied as Direct Spray Applications [Using a CoastalMister™ Mosquito System]

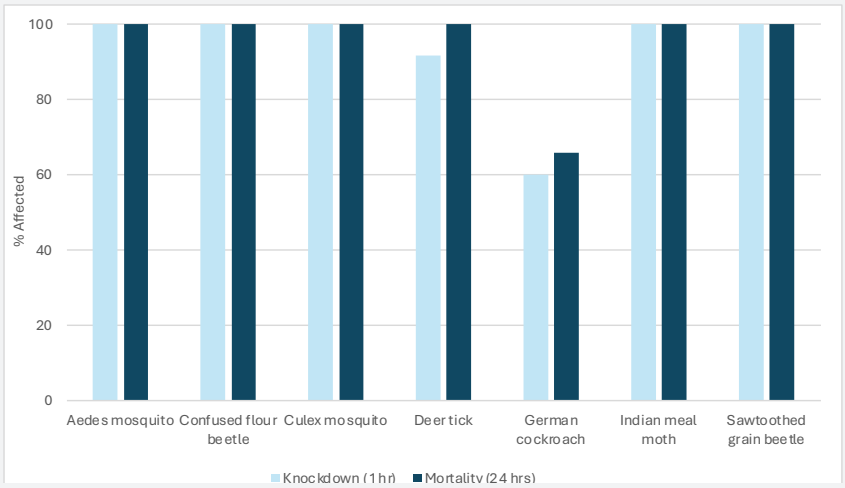

Source:
Snell Scientifics, 2013.

What Does This Data Mean for Your Business?

Riptide delivers effective kill against tough flying pests like house flies, with increasing mortality over time to help manage pest populations.

Effects of Riptide Against Assorted Pests When Applied as a Direct Spray

Source:
Snell Scientifics, 2013. Riptide was applied as a space spray diluted as 1:5 concentrate/water at 1 fl. oz./1000 cu. ft.

What Does This Data Mean for Your Business?

Riptide provides broad-spectrum control across a variety of indoor and outdoor pests, demonstrating both knockdown and mortality across multiple pest types.
